Washington, D.C. 20231

Amendment and Response

Sir:

In response to the Final Office Action mailed May 18, 1994, Applicant respectfully requests the Examiner to enter the following amendments and consider the following remarks.

IN THE CLAIMS:

Please insert the following changes:

1. (Twice Amended) A base station configuration in a two-way communication interactive video network having a network hub switching center for routing communications from and to a plurality of subscriber units at various geographic locations served by a base station that processes digital data modulated on an r-f carrier and transmitted from a plurality of subscriber units dispersed over a predetermined base station geographic area by presenting
